My own dear Heart:

Mother and I have just finished lunch - the house seems so lonely without you and your mother, but we are very comfortable and Barbara & Mary Ann are doing all they can to help. Yesterday after leaving you. I met mother at the Grand Central. We had lunch, did some shopping, and then took my trunk to the P. R. R. - reaching N. B. at 5:24 P. M. In the evening Tannison brought my trunk up from the station. We sat on the porch, until retiring about 9 P. M. This morning we have been down town & I have "provided victuals" for Sunday. Now I am going to take the flowers down to the church & call on some of the sick parishioners. - I do hope that you had a comfortable trip & that
